April 2, 2020

Dear Parents and/or Guardians,

Good morning. I know the school closures have put a strain on all of you as parents and want to thank all of you for your efforts during this difficult time. This all came down very sudden and with little time, we asked our teachers to completely change their platform of how we educate our students. Additionally, we asked you to support that mission and to keep your kids at home. All I can say is, thank you, and we will get through this challenging time together.

All of you should be receiving communication from your classroom teacher on a regular basis. We have conducted meetings on-line to determine the best course of action moving forward. I appreciate your efforts more than you know. If you are having difficulty contacting teachers, please let me know and I will assist you.

One challenge we are facing during this time of on-line learning is the challenge of wireless internet. Unfortunately, not all families have this very important educational piece. If you, or someone you know, doesn't have internet please contact me at Chantal.Ligtenberg@k12.sd.us. There are programs in place to support those that don't have this access.

Thank you for your efforts, patience, understanding and love of your child. Don't hesitate to reach out to me if you need anything.

Chantal Ligtenberg
