## Are you above the line???

Beliefs are powerful because they influence how we act. When beliefs are based in truth, they almost always make our lives better. False beliefs, on the other hand, make us act in ways that aren't in our best interest. They hold us back and keep us stuck in places we'd rather not be.

Many of our beliefs are based in truth, but some are not. Today let's try to distinguish our beliefs, from facts. What is a belief you have that's not in your best interest? How might this belief be holding you back?

During the 2018-19 school year, Junior Achievement (JA) of South Dakota is continuing their partnership with schools across the state to work with and help educate students about money, careers, owning a business, and ethics!

JA of South Dakota is celebrating their 50<sup>th</sup> anniversary this school year. JA continues to provide the platform for students to have the knowledge and skills to succeed. JA strives to empower students to achieve their dreams, and give them the hope for a better future. Together, our teachers and JA volunteers are preparing our future leaders!

This year, more than 2,200 JA classroom volunteers committed to teaching JA programs that will impact over 55,000 South Dakota students. By sharing their personal and professional experiences, JA volunteers guide students to make the connection between what they are learning in school and how it applies to their future. JA also helps grow their skills so they can become great employees and business owners throughout their careers.

Please extend a special thank you to the volunteers and teachers listed below who participated in JA during the 2018-19 school year. If you would be interested in sharing your knowledge and business experience with students in our community, or would like to sponsor a student for \$25, please contact the JA office at (605)336-7318 or [jasd@ja.org](mailto:jasd@ja.org).
