BOARD MEMBER DEVELOPMENT OPPORTUNITIES

Board members will be encouraged to participate in meetings and activities of area, state and national school boards associations, and of other educational groups, and to study and examine the materials received from these organizations.

Board members are further encouraged to seek more in-depth training available through participation in the Governance Academy for Visionary Educational Leadership (GAVEL) that is offered by the Associated School Boards of South Dakota.

Upon Board approval, travel and convention expenses will be provided individual members within budgetary limitations to advance their development as school board members.

To help members develop understanding of the educational program, the superintendent will request members of the professional staff to appear before the Board from time to time to present and discuss new developments in various areas of curriculum and instruction.
