SUPPORT AND PROFESSIONAL/TECHNICAL STAFF POSITIONS

All support and professional/technical staff positions will be established initially by Board. In each case, the superintendent will submit for the Board's consideration and action a job description or job specifications for the position.

Although positions may remain temporarily unfilled, or the number of persons holding the same type of position reduced in event of de-staffing requirements, only the Board may abolish a position it has created.

Note: Support and professional/technical staff job descriptions and job specifications are available for review in the superintendent's office.
