

## Survey Monkey

The Meade School District is scheduled to start the 2020-21 school year on Tuesday, September 8, 2020. The district believes the best option for most students is in school face-to-face model of instruction.

The district also realizes that there are students and or families that do not feel comfortable sending their students back into the school. The Meade School District will provide a virtual education option for students K-12. The virtual option will meet SD curriculum content standards and will be supported by district employees with high student expectations.

So that we can plan for the start of the school year, we ask that you complete an on-line survey. Your response is not binding but it will provide us with necessary data to prepare for distance learning for our students.

The survey monkey link will be sent to you via school messenger and posted to the website. The on-line survey will be available through July 24<sup>th</sup>. If you have difficulty accessing either option, please contact the school superintendent's office.

We know that this may look like it will be a challenging year, but with your help and commitment, it will make it a successful 2020-21 school year.

Below are the questions that will be asked in the survey.

1. Are you planning to send your child(ren) for face-to-face learning on September 8?      Yes      No  
If Yes, End Survey. If no, go to question 2.
2. If you answered No to the first question and are interested in the Meade virtual learning option, please let us know your child(ren)'s name(s), grade level(s) and school they would attend this year.
