STUDENT TRANSPORTATION ON SCHOOL TRIPS

The following constitutes the arrangements of the Meade School District concerning the transportation of students to and from extra-curricular school activities and school functions:

1. In most instances, District shall provide transportation to the students for all trips of more than ten (10) miles one way from the attendance center. This shall apply to all school functions where the attendance of the student is required, as well as extra-curricular activities. In most cases, the District will pay the cost of transportation, but in some cases, a student may be assessed a transportation fee. A student must travel on the school provided bus or van both ways. School personnel may release students to ride with the custodial parent, legal guardian, or other persons authorized by the parent and school, with written request.
2. In the case of school activities or school functions which are less than ten (10) miles one way from the attendance center, the District will generally provide transportation, provided the entire class is being transported. If less than the entire class is being transported, or in the case of extra-curricular off-campus home events, the students may be asked to provide their own transportation or be transported by District personnel or in private vehicles driven by a licensed and insured adult.
3. No student may ride with another student to or from a school function or activity during the school day, unless the students are siblings.
