

Dear Parents/Guardians,

This week we have had numerous positive cases of Covid at Sturgis Elementary. Most of the positive cases will have the ability to return on Monday, January 24th. We will continue in Phrase II with face masks recommended when social distancing isn't an option. We will reevaluate the numbers next week and if numbers continually increase, it may lead us to the next level of the district's Covid plan. Our goal is continue to have school in a face-to-face manner as possible.

We continue to thank you and appreciate you for keeping your child home when he or she is not feeling well. When your child is out, please contact the school prior to 8:30 regarding their absence.

If you have any questions, please don't hesitate to contact me.

Thank you,

Chantal Ligtenberg
